

Ayesha Shahzad

Data Scientist & Analyst

London, United Kingdom | ayeshashahzad156@hotmail.com

Professional Summary

Data scientist with a distinction in MSc Data Science from Kingston University and a decade of business experience. Skilled in machine learning, data analysis, and cloud computing.

Education

Master of Science (Distinction) in Data Science, Kingston University, 2025

Bachelor of Business Administration, XYZ University, 2013

Technical Skills

Python, R, SQL, Machine Learning, Deep Learning, NLP, Data Warehousing, Cloud (AWS), Tableau

Selected Projects

- Generative AI for Bidirectional Histopathological Image Synthesis – Developed CycleGAN and diffusion models for virtual staining.
- Financial Forecasting with Deep Learning – Built LSTM/GRU/CNN-LSTM models achieving $R^2 \approx 0.889$ for stock price prediction.
- AWS Glue ETL Pipeline – Designed ETL pipeline using AWS Glue, Athena and CloudFormation.

Professional Experience

- Over 10 years of management and business development experience in the retail sector.
- Managed teams, optimised operations and implemented data-driven decisions to boost profitability.
- Transitioned into data science with a focus on health analytics and research.
